

**FOR IMMEDIATE RELEASE**

**Hillcrest High School's Historic Finish  
Boys' Track & Field Bring Home Gold!**

It's not every day an athlete can boast about being part of their high school's first state championship team. But this summer, that's exactly what you will hear. The Hillcrest Boys' Track & Field team brought home the first state title in the school's history!

For over 40 years the Hawks have been coming close in almost all their sports but have never brought home the gold. The Hillcrest Boys' Track and Field team is the first team in the school's history to win a state championship. Congratulations to the Hillcrest Hawks on making history!
