Class Size Review

The committee looked at class sizes for each building based on enrollments as of August 5. While there are a few sections at each school slightly above the top of the windows, balancing is still occurring, and it is expected that most of these issues will be corrected. The District may add a section of Spanish at Bremen, and Dr. Williams will notify the committee if this occurs. The committee will look at class sizes again after the 10-day drop.

MOU - SSC

Dr. Williams reviewed the memorandum of understanding between District 228 and Community College District 510 for the new alternative education program to be housed at the Oak Forest Center of South Suburban College. The committee is recommending this MOU to the full Board for approval.

2018 Advanced Placement Scores

Dr. Williams presented student achievement results from this past spring. The District saw a 1% increase in passed exams by our students over the previous school year. Data and

highlights from each building were reported. A complete summary of our students' achievements will be presented next month to the entire Board.

Announcements

The next meeting will be held on Tuesday, September 11 at 6:30 pm at the Administrative Center.

Adjournment

The meeting adjourned 7:04 pm.
